

YOUTH DEVELOPMENT

CARE4LA
COALITION FOR ADVANCED RESTORATIVE EQUITY

CARE empowers youth through transformative training, mentorship, and sponsorship of youth-led projects that build skills, confidence, and meaningful community impact. Through interactive workshops, leadership development, and hands-on learning experiences, young people strengthen their voice, clarify their goals, and gain practical tools to turn ideas into action. Mentors provide consistent guidance, encouragement, and real-world insight, while funding and sponsorship help youth-led projects move from vision to reality, creating positive, lasting change in their schools and neighborhoods.
